

To whom it may concern:

Dimitar N. Drenchev has been an employee of LSI "Lyubomir Semerdjiev Architects and Engineers" Ltd. from 10/2005 until 10/2007. He is a very diligent and well rounded person. His ability and eagerness to apply his knowledge has brought him to an excellent standing among his colleagues and supervising staff (i.e. Project Managers). He has constantly strived to better himself through the tasks at hand. He has been an asset to us all through his time at our Architectural Bureau.

Some of the major projects he has been involved in are:

- Hotel „Studentoz“ –Pamporovo Winter Resort, BG (45 000 m2)
- „Yacht Port and Hotel Sozopol“ – Sozopol Summer Resort, BG (35 000 m2)

He has taken part and/or was directly responsible for designs of small scale private homes and apartments. His core duties included overall design suggestions, team corrections of finished drawings, interior-design suggestions, and preparing of finished drawings for submission to investors and municipal authorities.

We are very happy he was a part of our team and firmly believe that he will be an asset to any Architectural Bureau that chooses to employ his creative mind and able self.
